

# Co-op Connections Card list of participating businesses

## How you benefit from Co-op Connections

East Central Energy, a Touchstone Energy cooperative, is proud to be an integral part of the communities we serve. That's why we offer our members a benefit program called Co-op Connections that provides discounts on products and services from over 100 participating local businesses, as well as many more businesses across the country.

## How to take advantage of valuable discounts

Check out this list of local businesses and the discounts they have available. An updated list will also be kept on our website, eastcentrale-nergy.com. There are also national businesses participating in the program as well, including several hotels and car rental companies. A list of those businesses is included on the back page of this flyer or at the Co-op Connections website, [www.connections.coop](http://www.connections.coop).
