

2009 Fluorescent Bulb Recycling Program

East Central Energy makes bulb recycling easy and we'll even help pay the fee.

Here's how it works:

- Free recycling of compact fluorescent lamps (CFLs) with coupon. Simply bring your used CFL and **FREE** recycling coupon to a participating retailer. (See back for list.)
- 50 cents off of the recycling fee for qualifying non-CFL lamps.* Bring your used lamp and a **50 CENTS** off coupon to a participating retailer.
- You must be an ECE residential or small business customer to participate.
- Limit 10 coupons per household.

* Circular fluorescent tubes, U-bend fluorescent tubes, compact fluorescent bulbs, high-intensity discharge lamps, fluorescent tubes up to eight feet in length.

While fluorescent lamps are environmentally preferred over incandescents, they do contain a small amount of mercury. Because we need to limit the amount of mercury in the environment, fluorescent lamps need to be recycled. East Central Energy partners with Mercury Technologies of Minnesota, Inc. located in Pine City and area retailers to provide a recycling program for fluorescent lamps.
