City, State, ZIP: _____

Vendor Contact Name: _____ **Phone:** _____

The undersigned does hereby certify that 1) the undersigned, and not East Central Energy, is solely responsible for the accuracy of the information contained in this application, 2) all rules of this Commercial Cooling rebate program have been followed, and 3) all installation is complete. Further, the undersigned acknowledges that nothing contained in the application shall impose any liability on East Central Energy for the work performed and information presented for this program by the customer's engineer, contractor, or vendor.

Warranty Information

Rebate qualifications do not imply any representation or warranty of such equipment, design, or installation by East Central Energy. East Central Energy shall not be responsible or liable for any personal injury or property damage caused by this equipment. East Central Energy does not guarantee that a specific level of energy or cost savings will result from the implementation of energy conservation measures or the use of products funded under this program. In no event shall East Central Energy be liable for any incidental or consequential damages.

Other Important Program Rules

1. Installation must be complete before funds will be issued for the rebate.
2. Customers and vendors must submit itemized equipment invoices along with rebate applications, and worksheet to East Central Energy. To ensure that the equipment installed meets East Central Energy's performance standards, these invoices must itemize labor charges, quantity and price of the equipment installed, and information regarding the manufacturer and model numbers for all equipment included in the rebate.
3. East Central Energy reserves the right to conduct random inspections of installations.
4. The customer is responsible for checking with East Central Energy to determine whether funding is available and to verify program parameters.
5. Rebate must comply with all program specific rules and qualifications (see complete list of rebate specific rules).
6. Qualifying customers must apply for year 2010 rebates no later than November 30, 2010.

2010 Rebate Application**

Commercial / Industrial Cooling Rebate Program Guidelines

1. Documents establishing proof-of-purchase (invoice) must be furnished when the original rebate application is completed.
2. On the documents establishing proof-of-purchase, circle the energy-saving product(s) for which a rebate is requested and attach to the original application. If not indicated on the invoice, please add the number of units installed, manufacturer, model number and capacity (in tons).
3. Submit the manufacturer's data sheets with the rebate application. The sheets must show efficiency ratings in accordance with the most recent ARI Standards and must contain efficiency information for the following:
 - PTAC's
 - SEER or EER
4. Only new and complete PTAC units qualify.
5. The new equipment must use a minimum ozone depleting refrigerant.
6. Customers should use a separate form for each size category of equipment to facilitate calculations.

Applying for the Rebate

1. Installation must be complete before funds will be issued for the rebate.
2. Customers and vendors must submit itemized equipment invoices along with rebate applications, and worksheet. To ensure that the equipment installed meets East Central Energy's performance standards, these invoices must itemize labor charges, quantity and price of the equipment installed, and information regarding the manufacturer and model numbers for all cooling equipment installed.
3. East Central Energy reserves the right to conduct random inspections of installations.
4. The customer is responsible for checking with East Central Energy to determine whether funding is available and to verify program parameters.
5. The maximum rebate amount shall be the lesser of 50% of the project cost or \$100,000
6. Qualifying customers must apply for year 2010 rebates no later than November 30, 2010.

Packaged Terminal Air Conditioner (PTAC)
and Water-Source Heat Pumps
2010 Rebate Application**

Business Name: _____

Minimum Qualifying Criteria				
Packaged Terminal Air Conditioners (PTAC's)	EER	Base Rebate, \$/ton	Incremental rebate, \$/ton per EER above base	Specific Rules
With electric resistance heating	10.00	\$10.00	\$1.75	ARI Standards
With heat pump heating	10.00	\$10.00	\$3.50	ARI Standards
Water-Source Heat Pumps with C.O.P. ≥ 4.1	12.00	\$13.00	\$1.30	EER based on ARI Standards

EER - Energy Efficiency Ratio (Btu/Watt) SEER - Seasonal Energy Efficiency Ratio (Btu/watt) C.O.P. - Coefficient of Performance

Packaged Terminal Air Conditioner (PTAC)							
PTAC	Manufacturer & Model Number	A # of Units	B Tons/Unit	C EER	D Base Rebate	E Incremental Efficiency Rebate	Total Rebate D + E
Units w/ Resistance Htg							
Units w/ Heat Pump Htg							

Rebate calculations (Resistance Heating) = [Base Rebate (A X B X \$10) + Inc. Eff. Rebate (A X B x \$1.75 x (C - 10)/0.1)]

Rebate calculations (Heat Pump Heating) = [Base Rebate (A X B X \$10) + Inc. Eff. Rebate (A X B X \$3.50 x (C - 10)/0.1)]

Project Cost

Rebate

Rebate must comply with all program specific rules and qualifications.

Water-Source Heat Pump							
Manufacturer	Model Number	A # of Units	B Tons/Unit	C EER	D Base Rebate	E Incremental Efficiency Rebate	Total Rebate D + E

Rebate calculations (Resistance Heating) = [Base Rebate (A X B X \$13) + Inc. Eff. Rebate (A X B x \$1.30 x (C - 12)/0.1)]

Project Cost

Rebate

Rebate must comply with all program specific rules and qualifications.
